MELISSA

LED MASK- CHROMOTHERAPY

The LED MASK technology

- CHROMOTHERAPY thanks to the emission of different colors, in addition to a pleasant relaxing chrome therapy treatment, allows to treat different problems of the epidermis. Various studies have shown the improvement of fine wrinkles, mottled hyperpigmentation, tactile roughness and yellowish.

RELAX EFFECT

- **IMPROVES THE FINE LINES**
- **CONTRAST THE MOTTLED HYPERPIGMENTATION**
- **IMPROVES TACTILE ROUGHNESS**
